Call for Papers: Symposium on Generative AI in HRM at EURAM 2024 Conference

Colleagues:

We cordially invite researchers, scholars, and enthusiasts to submit their esteemed papers to the symposium titled "***Navigating the Opportunities and Challenges of Generative Artificial Intelligence in Human Resource Management***" (Symposium ID: S09_04) for presentation at the European Academy of Management (EURAM) 2024 Conference.

Symposium Overview:
- Explore the revolutionary implications of Generative Artificial Intelligence (AI) in human resource management (HRM).
- Dive into the transformative potential Generative AI brings to recruitment, tailored development programs, and the vast opportunities it unveils.
- Engage in scholarly discussions with preeminent researchers, as we challenge traditional HRM roles, re-envision work dynamics, and bolster diversity via AI integration.

Symposium Details:
EURAM Conference Dates: 25-28 June 2024
Symposium Date/Time: To be announced (within the conference dates)
Duration: 90 minutes
Venue: School of Management, University of Bath, UK
Affiliated SIGs: 09 - OB&HRM (Organizational Behaviour and Human Resource Management); 06 - INNO (Innovation)

Deadline for submission of papers: 11 January 2024 – 2pm GMT+1 (CET)
The EURAM 2024 website Submission Portal will open for online submissions no later than December 1, 2023.

Proponents and Contact:
Dr. Miles M. Yang, Macquarie Business School, Macquarie University
Dr. Candy Ying Lu, Macquarie Business School, Macquarie University
Prof. Eason Yucheng Zhang, University of Southampton

For inquiries or more detailed information, kindly contact:
Dr. Candy Ying Lu, Department of Management, Macquarie University – candy.lu@mq.edu.au
